Explanation: [http://www.cisco.com/c/dam/en/us/td/docs/telepresence/ix\\_sw/8\\_x/user/guide/ix-8-1-ug.pdf#page=8](http://www.cisco.com/c/dam/en/us/td/docs/telepresence/ix_sw/8_x/user/guide/ix-8-1-ug.pdf#page=8) QUESTION

32 How can you change presentation display options during a call? A. Open the share tray and drag the presentation to the desired location. B. Open the share tray and assign display numbers to each presentation.

C. Open the system settings and reconfigure the display options. D. Open the participant list and drag the presentation to the desired location. Answer: A Explanation: The share tray allows you to move and duplicate content to and from the main and presentation displays. To show the share tray, tap Share. To add content to the conference, drag the content from the share tray to the presentation area. To remove content from the conference, drag the content from the presentation area to the share tray.
